Human Resource Services 2023 Annual Benchmarking Surveys Survey Descriptions

LOCAL SURVEYS - data is collected from Corporate and Partner members for the Greater Rochester area only.

Annual Wage and Salary Survey - Nonexempt. More than 70 office/clerical, maintenance, finance and warehouse positions are included in this survey. Includes special Co-op/Intern wage rate section.

Annual Wage and Salary Survey - Professional/Managerial. More than 95 finance, HR, customer service, engineering, MIS, production, PR, legal, and purchasing positions are included in this survey.

Annual Wage and Salary Survey - Health and Human Services. This industry-specific survey contains more than 60 nonexempt and exempt positions in health and human services organizations.

Annual Wage and Salary Survey - Manufacturing. This industry-specific survey contains more than 30 hourly positions.

Research Reports (*these are available to Corporate and Partner members in good standing, at no cost, regardless of participation*):

Health Benefits Survey - This survey addresses a variety of health and dental insurance questions for the Rochester area including: average premium contributions, management of premium increases, domestic partner benefits, self insured plans, high deductible plans, dental, retiree benefits, etc.

Holiday Closing Survey - This report covers anticipated holiday observances for the coming year.

Pay Trends Survey - This survey reports pay adjustments received as a percent of pay at firms granting increases.

Turnover and Absenteeism Survey - An annual survey of turnover statistics and absenteeism rates.

NATIONAL SURVEYS - data is collected from Corporate and Partner members for the Greater Rochester area and compiled with data from other companies across the country to provide both national and Rochester area data.

National Executive Compensation Survey - A comprehensive survey covering salary and benefits data for 48 key executive positions.

Policies and Benefits/Practices Survey - This comprehensive survey of policies and practices includes topics such as: working conditions, health and welfare benefits, pay practices, and results are broken down into local and national data. Additional breakouts are provided by company size and employee category. In fall 2021, the survey was split into about two halves and each half will be conducted separately alternate years.

To place an order for one or more surveys (for internal benchmarking purposes only), just complete and return the order form here:

<https://www.greaterrochesterchamber.com/assets/pdf/HRServices2022/> Special rate for consultants available as well.
