

Javier Figueroa
Cyber Security Manager
M.A. Polce

Javier Figueroa is a seasoned professional with more than 15 years of IT expertise and a wealth of experience as an Information Security Program Manager. As a Cybersecurity Manager, Javier ensures our clients are enhancing their information security posture by providing many invaluable services, including vCISO consultations, risk analysis, security roadmaps, policy guidance, and incident readiness tabletop exercises. Leveraging his vast knowledge, he collaborates closely with organizations to develop and optimize security strategies, tailoring solutions to fit their needs. Javier holds the following certifications: Certified Information Systems Security Professional (CISSP), Certified Information Security Manager (CISM), and Certified Cloud Security Professional (CCSP). He also holds a Master of Science degree in Cybersecurity from Utica University.
